IBRAHIM DOBA

React Frontend Developer

Abuja | +234 809 111 9516 | www.linkedin.com/in/ibrahimdoba|ibrahimdoba55@gmail.com

EXPERIENCE

Frontend developer

OnePint Foundation | Abuja   February 2021 – September 2023

- Designed and delivered software by carrying out unit tests. Utilized MongoDB and NodeJS to create RESTful APIs. Leveraged React JS for official website.
- Collaborated with product team members to implement new feature developments.
- Implemented new responsive, mobile-first approach which increased mobile traffic by 10%.
- Implemented a robust data caching mechanism to optimize application response times, reducing latency by 30%.
- Over 158 signups after 4 weeks of launch.

Full-Stack Developer & Co-Founder

Quillstash | **Remote**   **August 2024 – Present**

- Developed Quillstash, a full-stack content-sharing platform, using Next.js with a focus on performance and scalability.
- Led the site to attract over 20+ writers and a 25% increase in writer engagement within the first month of launch.
- Optimized SEO and implemented robust caching strategies, leading to a 40% increase in page views and traffic, now averaging over 1,000 page views per month.
- Collaborated with writers to ensure that content was tech-focused and SEO keyword targeted, contributing to the overall growth of the platform.

EDUCATION

Bachelor of Technology in Geology

Federal University of Technology Minna | Minna, Nigeria   December 2023

- Graduated with a commendable CGPA of 3.0.
